Master's

MM23

14 PASSENGER+RL

The Master's Motors MM23 is the lightest and strongest bus available on the market today. Using aluminum cage construction and engineered for peak versatility, this brand new MM23 shuttle is built on the rugged E450 chassis - perfectly configured to carry 14 passengers, and your driver with ease. Under the hood, a high-output 7.3L gas engine and smooth automatic transmission deliver effortless, reliable performance even under maximum loads. With a suite of advanced safety belts, you can deploy your passengers and drivers with complete peace of mind. No corrosion or rust with the use of aluminum.

Warranty

Manufacturer Warranty	• Master's Motors 3 Year/36,000 Miles
Chassis Warranty	• Engine: 5 Years/60,000 Miles • Bumper to Bumper: 3 Years/36,000 Miles • Transmission: 5 Years/60,000 Miles

We Process All The Warranty Registrations
We register all of your bus parts for you, no more pesky warranty cards to fill out. This includes all parts, wheelchair lift, electronics, HVAC, etc.

We Handle All The Paperwork
We administer and coordinate any warranty work. You make one call to our warranty department, and they take it from there.

Repair Facilities Near You
When warranty work is needed, we use service repair facilities near the bus location. We have over 2,900 authorized centers and growing. You will never have to drive far to get repairs completed.

Our Core Values

- We Relentlessly Pursue Excellence.
- We Demand a Culture of High Integrity.
- We Have a Positive, Can-Do Attitude.
- We Are Solution Oriented.
