

Master's

MM23 - 15 PASSENGER AIRPORT SHUTTLE

Master's Motors

Master's Transportation is a proud distributor of Master's Motors. Combining the comfort, convenience and safety of the Ford E-450 chassis with the MM uplift, provides you with the customization and safety you need in a non-CDL shuttle bus.

Overview

This new 14 passenger MM23 shuttle bus for sale at Master's Transportation is built on the Ford E450 chassis, and upfitted by Master's Motors. It features a maximum seating capacity for 14 passengers plus the driver. A 7.3L gas engine and automatic transmission provide the Master's Shuttle with reliable performance - even when traveling at maximum capacity. Safely transport passengers and cargo with a long list of modern safety features and equipment including back-up alarm, back-up camera, retractable seat belts, and more.

**MOVING PEOPLE
FORWARD**
